

**Network / Terminal Finger Print Reader**

Network based Finger print Recognition terminal is used as scanner for a computer Security featuring superior performance, accuracy, durability based on unique Fingerprint Biometric Technology. It can be plugged into a computer LAN network with more than one terminal Using TCP/IP as a channel. It is very safe and convenient device for security instead of password that is vulnerable to fraud and is hard to remember. It is compatible with biometric software for authentication, identification and verification functions that let your fingerprints act like digital passwords that cannot be lost, forgotten or stolen.  
 Network / Terminal Finger Print Reader

Network / Terminal Finger Print Reader

dtAIMS (Dachi Time Attendance Information Management System) provides Software for Time Office and Attendance software for Educational Institutions. This software offers you foolproof method of recording time attendance of employees / students and generates number of reports i.e., attendance, absentee, late comers, early goers and monthly attendance register etc.

**Technical Specification**

User capacity	500 to 1500
Transaction capacity Verification	30000 to 100000
Verification Mode	1:1 or 1:N
Access Control	50 Time Zone 5 Grouping, 10 Combination, Holiday Management, support, Many fingerprints access, support standalone work.
Electric Bar Control	Directness relay out put 3A / 12VDC
Communicational	TCP/IP or RS232 and RS485
Keyboard and Display:	LCD with 80 character and figure keypad
Power	9-24 VDC, stay current: 50MA, work current: 400 MA
Identification speed	< =2 seconds
Humidity operating	20%-80%
Size	180(L)*82(W)*55(H) mm

## Features

- Fast and Perfect Authentication through excellent Algorithm.
- Network or TCP/IP based
- Compact, lightweight and portable.
- High-performance, maintenance-free optical fingerprint scanner.
- Resistance to scratches, impact, vibration and electrostatic shock.
- Latent print image removal (does not accept prints left behind).
- Encryption of fingerprint templates

---
